Guidelines for Protection of Private Information by JTB Corp.

As a member of the JTB group, we have established our corporate credo of helping to create a peaceful and richly satisfying society by bringing together people of different regions and nations.

As our philosophy under the credo, we are endeavoring to increase our corporate value through constant reform of our operations by sincerely providing the best products and services as well as continuing to strive to provide the ultimate in customer satisfaction, while fulfilling open and fair corporate activities for the important reliance placed on us by our customers, business partners, and society.

For the actualization of such credo and philosophy, we think that it is an indispensable requirement to securely protect personal information of all the people that are related to us, including our customers. Therefore, we will take the following measures.

- (1) We will prepare the compliance program on protection of personal information that conforms to the JISQ15001 standard, and all our directors and employees will strictly observe it.
- (2) We will collect, use, provide, and handle personal information in accordance with the above compliance program. We will legally and fairly collect such information within the range necessary to our business for use and provision within the aimed scope.
- (3) We will take organizationally and technologically reasonable measures to prevent and correct loss, destruction, falsification, leakage, and other risks of all the personal information handled in our company, as well as illegal access to it.
- (4) We will observe laws and ordinances on protection of personal information, guidelines, social norms, and public order and morals.
- (5) We will constantly improve the compliance program and the personal information protection system through regular auditing and checking.
